

WERE SHOWN IN MISSOURI

Official Turned Down.

Prejudice Against Mormons Said to Have Influenced the Court.

Stanberry, Wanted for Mayhem, Released on Writ of Habeas Corpus by a Relative.

SHERIFF C. FRANK EMERY and Assistant County Attorney J. J. Whitaker, who returned from Chillicothe, Mo., night before last, understand now why the Missouri officials took the trip to Chillicothe for the purpose of getting Sher- Stanberry, wanted here on a charge of mayhem for kicking out one of the eyes of J. W. Burnham in this case on April 4. Through gross misapprehension of conditions in Utah and the prejudice of a Judge, a relative of the accused, and not even an attorney, Stanberry escaped being brought to stand trial.

The expulsion of the Mormons from Missouri and the doctrine of blood feud in the Mormon church were said to be back of the whole proceeding and such a sentiment was worked up in Stanberry's behalf that Mr. Whitaker says it would have taken a regiment of soldiers to get the prisoner out of the State. The Missourians believe it would seem that the Mormons have sworn revenge upon the natives of that State, and that a Missourian cannot receive a fair trial here, but that they are persecuted even to being put to death. In support of this belief they cite the Mountain Meadow massacre. In the petition for a writ of habeas corpus upon which the prisoner was released, it is said that it was alleged that Peter Mortensen, a non-Mormon, was tried, convicted and executed upon the dream of a Mormon. He talked about the town, Mr. Whitaker says, was to the effect that the Mormons killed Mrs. Rose and then executed Frank Rose merely because he happened to be from Missouri. Shocked, they said, had been accused of murder and would be executed simply because he came from Missouri.

What the Petition Says.

In support of the belief that a Missourian can not get justice in Utah, the following paragraph from the petition for Stanberry is quoted: "Your petitioner avers that the officials, courts and juries of Salt Lake are under the influence of the Mormon religion and that a Gentile has absolutely no show with them. That the J. W. Burnham is of 'Mormon' faith and the said Chief of Police was pointed by 'Mormon' influence and absolutely controlled by them, and at notwithstanding the fact that the fight between Burnham and petitioner was the only serious difficulty that took place in petitioner's place of business and that many fights occurred in the saloon across the street from petitioner's, which was owned and run by Mormons, yet the said Chief of Police commended the granting of the 'Mormon' license and the rejection of petitioner's license."

Paper Takes Sides.

The story told to a Democrat reporter Friday morning by the accused, was the case to be a piece of spite work in which the shadowy hand of the powerful Mormon church is discernible. Those who are best acquainted with Stanberry have no hesitancy in accepting his version of the trouble in Lake City. During his long residence in Chillicothe he was known to be the opposite of vicious and quarrelsome, and it is safe to say that Burnham was the aggressor in the fight. Stanberry, and forced Mr. Stanberry into the fight. Stanberry is not a hard in any sense of the word, but he got out of his way to avoid trouble. His hosts of friends are highly pleased and gratified at the outcome."

Governor Turned Down.

Notwithstanding that the Missouri Attorney-General had declared the extradition papers perfect in every respect and that Gov. Dockery had given a warrant for the return of the prisoner, he was released under a writ of habeas corpus. This was absolutely say the officials, the Missouri judges in section 3577 providing that a warrant from the Governor of a writ of habeas corpus is suspended. Had a regular Circuit court been in session Mr. Whitaker is confident that Jones would have been different. State Judge, who is an attorney, and is said to be related to Stanberry by marriage, heard the case in the absence of the Circuit judges. He is said to have told a friend before the case came up that he would release the prisoner. Mr. Whitaker secured a writ of certiorari from Circuit Judge Alexander by going to Kansas City, but under the statute the matter could not be reviewed.

MRS. HERMAN LEROY JONES.

(From Her Latest Photograph.)

NEW YORK, May 27.—The mystery of the disappearance of Mrs. H. Leroy Jones is no nearer a solution than it was on the afternoon of May 16, when she departed for parts unknown.

Robert H. Cutting, attorney for her deserted husband, said tonight: "Every clue has been followed up, but they have come to naught. We are now having all the steamers which sailed since Mrs. Jones's disappearance watched on the other side, but we do not think she will be found aboard any of them. No one knows where she is, and from present indications no one ever will know except by accident."

Mrs. Home, mother of Mrs. Jones, said that when Mr. Jones broke open his wife's desk he found a letter in it addressed to a friend of Mrs. Jones, in which she said she was going to Europe. Mrs. Home also said her daughter had expressed her intention of leaving her husband on several occasions.

Viewed except in regular session, and Stanberry, in the meantime having left for parts unknown, the Salt Lake county officials had to acknowledge defeat. They were shown a few themselves in Missouri. Mr. Whitaker says he could hardly realize that such proceedings could take place in the very heart of the United States.

Porter Not a Candidate.

NEW YORK, May 27.—Prominent Republicans here who have written to Gen. Horace Porter, Ambassador to France, favoring the movement to make him a candidate for Governor of New York, have received replies saying that he is in no sense an aspirant for that position, and urging that his name be not presented to the Republican convention.

AN ALARMING CASE

SEVERE TEST OF A BLOOD REMEDY IN ERYSIPELAS.

Dr. Williams' Pink Pills Banish Pain and Inflammation and Avert Peril From the Vital Organs.

Erysipelas or St. Anthony's fire is a most uncomfortable disease on account of the burning, the pain and the disfigurement and is attended always by the danger of involving vital organs.

The case which follows will be read with great interest by all sufferers as it affected the whole body, and refused to yield to the remedies prescribed by the physicians employed. The victim, Mrs. Ida A. Colbath of No. 19 Winter street, Newburyport, Mass., was in fact completely discolorized when she began the course of treatment which led to her recovery.

"In June of 1903," she says, "I was taken ill with what at first appeared to be a fever. I sent for a physician who said I was threatened with a dangerous and lingering sickness. He prescribed for me, but his medicine had no perceptible effect. One day he pronounced my disease chronic erysipelas and said it would be a long time before I would be up and around."

"Inflammation began on my face and spread all over my body. My eyes were swollen and seemed bulging out of their sockets. I was in a terrible plight and suffered the most intense pain throughout my body."

"The doctor said my case was a very severe one. Under his treatment, however, the inflammation did not diminish and the pains which shot through my body increased in severity. After being confined to bed for two months under his care, without any improvement, I decided to get along for a time at least without any physician."

"A few days after I had discontinued the services of a physician, a friend from Maine, who was visiting me, spoke very highly of Dr. Williams' Pink Pills for Pale People, and, on her advice, I bought a box, but with little confidence that they could help me when a doctor had failed to do any good."

"I began to take the pills, however, two at a dose three times a day. After the second box had been used I was surprised to notice that the inflammation was going down and that the pains which used to cause me such agony had disappeared. After using six boxes of the pills I was up and around the house attending to my household duties as well as ever. I am profoundly thankful that Dr. Williams' Pink Pills were ever brought to my attention and am always ready to tell any one what they have done for me."

Dr. Williams' Pink Pills cure all diseases springing from an impoverished or vitiated condition of the blood, such as anaemia, rheumatism, scrofula. They make pale complexions ruddy and are the best of tonics in all cases of debility. They are especially helpful to women whose health is so closely dependent on the state of the blood. They are sold by all druggists throughout the world.

New Fad of Yale Men Not Popular

Students Have Cast Aside Hats, Coats and Shoes in Their Walks.

NEW HAVEN, Conn., May 27.—Five Yale men have created a sensation by walking out of the Yale campus and down Chapel street barefooted.

A short time ago New Haveners were shocked when parties of Yale men appeared on the streets hatless and coatless. The townspeople had just begun to get accustomed to this when the barefooted Yale boys came out on parade. They are now wondering how far the boys will carry the fad.
